

PARRA Report for April, 2021 CUCRA Meeting

PARRA, the President's and Regents Retirement Association, representing retirees of Office of the President and the offices of the Regents, has adjusted and reduced activities because of the pandemic.

Membership and Recruitment

PARRA continues to struggle to obtain from UCOP timely and correct information about new retirees. The new UCRP system was supposed to improve the flow of information but instead up until now the flow of information from the UCRP has essentially stopped. The President of PARRA has raised this issue to the Interim VP of HR.

Association Activities

PARRA's held two zoom sessions instead of the normal luncheons with speakers. Both sessions were well attended. Previously conducted food bank volunteer activities have been suspended until it is safe to resume them.

PARRA has mailed the 2020 survey report to a number of executives at the Office of the President, with an indication that follow up meetings will be requested. PARRA will be mailing hardcopies of the report to other UCOP executives in during the month.

Association Member Benefits

The Berkeley Retirement Center has extended to UCOP/Regents retirees benefits available to campus retirees.

A major benefit PARRA provides to retirees is advocacy on their behalf. Since the last report there have been several instances where PARRA was asked to advocate for a retiree and in other cases PARRA has raised issues to UCOP on behalf all retirees.

Plans for the Future

When the pandemic subsides, PARRA will continue to offer multiple speaker luncheons and volunteer activities each year. Importantly PARRA will continue to advocate for equity in health insurance rates for retirees; for continued choice in health insurance plans, including the continuation of PPO plans; and, for clear and complete communication of health insurance choices.
